

Controlled Motion Solutions, Inc.

SANTA ANA, CA July 23, 2008 -- Controlled Motion Solutions (Comoso) Parker Hannifin's largest California industrial and mobile distributor announced the acquisition of Hydraulic Pneumatic Mart, Inc. (HPM). HPM, an Arizona based company, with hydraulic, pneumatic, and connectors capabilities serves a multitude of markets and insures a strong presence in the southwest for Comoso.

"The management and staff, here in Tempe, are fully supportive of the acquisition and look forward to joining the Comoso Team to serve both existing and new customers", says Joe Oloffo, Southwest Regional Manager.

"HPM brings to Comoso a quality team with impressive technical support and knowledge on the products we carry. As a full-line Parker distributor, we are able to service our Arizona customers with hydraulics, pneumatics, connectors, seals, filtration, lubrication, Skinner, and Denison product lines," says Mark Law, President of Comoso. "As well as, provide engineers who work collectively with our Systems Integration Division (SID) to support the integration, design, fabrication, and development of power units, integrated manifold assemblies, and many other outsourced sub-assemblies our customers require. We are truly a motion and control one-stop shop."

Comoso also stocks other top-quality products such as, Balluff, Delta Motion Controllers, Linde, Lincoln, and NoShok. Controlled Motion Solutions now has 6 ParkerStores and 2 sales locations; Phoenix, Burbank, Bakersfield, Chula Vista, Escondido, Santa Ana, Santa Fe Springs, Sacramento and are HTC, MTC, STC, and PTC certified.
