| Subject: | P5TT/P5TD Twin Rod Cylinder Discontinuance | | | | | | |

**Notice of Discontinuance of
P5TT/P5TD Twin Rod Cylinder Series;
Effective June 18, 2010**

Effective June 18, 2010, Parker's P5TT/P5TD Twin Rod Cylinder Series will be discontinued due to low demand and high cost.

All open quotes will become invalid beyond June 18, 2010 and PDN will be supporting all last-time buys prior to June 18, 2010. Existing applications can be transitioned to the P5T series, which is the closest functional replacement for the P5TT/P5TD. Questions concerning P5TT/P5TD to P5T part number conversion should be directed to Applications Engineering.

Going forward, PDN is exploring lower cost alternative designs and products to fill this space in our product portfolio.
