Notice of Discontinuance							
Subject:	MicroKing Series Valve						

MicroKing Valves and Manifolds will be discontinued August 1, 2007. This is a continuation of the Low Volume Option Discontinuance (ND-VAL-89) that was conducted in May, 2005. In that Discontinuance, the following low volume options were discontinued:

- 1/4" Tube Options, M5 Inline Ports, and 1/8 BSPP Ports.
- No Override Option for 3-Way/4-Way Valves non Mobile Voltage
- Flush Locking Override for 4-Way
- Grommet / Flying Leads 72"
- Flow Control Options
- Coil Connection 180 Degree Option non 15mm DIN Electrical Connection
- Fluorocarbon Seal Option
- Manifolds Options with Tube Fittings and M5 Ports
- IEM Sandwich Regulators
- Selector Sandwich

This Discontinuance Notice discontinues all other 3-Way and 4-Way valves / manifolds and accessories.

The functional replacement to the Microking Valve Series is the XM Valve. Refer to cross reference document SIF-VAL-139_MicroKing which can be viewed at www.parker.com/pneumatic/classicvalves
